Jesus Still Heals The Sick Seminars

The title "Jesus still heals the sick," is a statement of power and deliverance from the most troubling sicknesses ever experienced. Our generation desperately needs the greatest physician of all to heal all of our diseases. By this name every tongue must confess that He is Lord and by His power mankind is healed.

The healing ministry of Jesus comprises some amazing life miracles. The majority of Jesus' ministry was one of healing the sick. This healing was not just a physical experience alone. He demonstrated the healing power of God for conditions that affect the human psyche and spirit. Jesus always demonstrated through the healing of people the object lessons of God.

He still stands there! —In the gap for you and for me to intercede and protect us from all ill. I'm sure that this experience will outline for you the true and complete healing that Jesus exercised while on earth and still exercises today through the presence of the Holy Spirit. His power is still active!
